What people say about this book

Pat Carroll, "A well-designed coloring book especially for cat lovers of all ages!. Really original and creative pictures especially for cat lovers! The designs are appropriate for younger artists as well as their mothers and grandmothers (although I haven't been able to get Grandpa too interested since he doesn't like cats). Some of the designs are more intricate than others, but they're all carefully done and very creative with the opportunity to use as many different colors and shades as you like. I personally prefer to color with fine-tipped markers, but Crayolas, colored pencils, or water pencils would do equally well, I'm sure. I just happen to like bright, vivid colors which show up well especially on this type of book. Unfortunately the pages aren't perforated so they have to be removed carefully. The paper is rather thin so be sure and put a few sheets of paper (I use typing paper) under the page you're coloring so if you use markers they won't "bleed" through. A very worthwhile gift for a child or grandchild, and even for yourself - especially if you love cats!"

Anita A Beck, "A Good Cat Book!. I like this book and there are some very fun pages! Pages are average paper quality and non-perforated. If you like cats then I would suggest this is a book you will enjoy. The only reason I am giving it a 4 star review instead of 5 is due to the simplicity of many of the pages. I do, however, like the book and enjoy it!"

Mifi1002, "Cute and durable pages!. I bought these for a friend, and I must say, I was pleasantly surprised! The pages were sturdier than I had anticipated and the designs were really cute. Nothing was too crazy detailed- All the details were large enough to color effectively. I would buy this again for a cat lover in a heartbeat!"

M. Carter, "11 year old daughter loves coloring her cats. My 11 year old daughter really enjoys coloring the cats (her favorite animal) as a way to calm herself or to pass the time when "screen time" is over for the day. She uses fine point Sharpies and find they work well."

Sandra, "Excellent coloring book. Excellent coloring book. If you like cats, you will love it!! It has some very detailed pictures though, and gives you great chances to be really creative. Such a stress reducer! I loved coloring as a kid, and I still love it!!"

Zombie Kitte, "Fun!! Fun! Fun!. Super, cute, decent quality paper, super, extra cute cats and kitties designs, love this adult coloring book!! Definitely worth purchasing for if you love adult coloring and cats!! Fun!!"

A. Sosa, "Great cat coloring book.. Love it! It's different than my other coloring books so it's a nice change. The pages are nice and thick. The price was perfect for the product."

V. Linden, "Four Stars. Fun!"

Shannon Eriksen, "Four Stars. Super cute!! Love it."
