Synopsis

India: Brief History of a Civilization, Second Edition, provides a brief overview of a very long period, allowing students to acquire a mental map of the entire history of Indian civilization in a short book. Most comprehensive histories devote a few chapters to the early history of India and an increasing number of pages to the more recent period, giving an impression that early history is mere background and that Indian civilization finds its fulfillment in the nation-state. Thomas R. Trautmann believes that the deep past lives on and is a valuable resource for understanding the present day and for creating a viable future. The result is a book that is short enough to read in a few sittings, but comprehensive in coverage--5,000 years of India in brief.

Sort review

"This book is comprehensive, yet short; scholarly, yet accessible. It is the one book I would recommend to anyone who would like a great introduction to Indian history."--Sylvia Gray, Portland Community College

Thomas R. Trautmann has produced the rarest of birds: a lucid, compelling, and yet sophisticated introductory text. Trautmann provides the kind of long historical sweep--from the ancient past to the present--that serves as the perfect foil for understanding the historical dynamics of the region. There is simply no other single guide to South Asia that matches either his fine balance of coverage between different historical periods or his signature combination of enormous erudition with absolute clarity. This book synthesizes and distills the lifetime's understanding of a master historian."--Mrinalini Sinha, University of Michigan

Trautmann is one of the few scholars qualified to speak with authority on the entire span of Indian civilization, from its ancient roots to its modern present. He has done so in a masterly fashion, without sacrificing sophistication to brevity."--Sumit Guha, University of Texas at Austin

This book does what few other introductory texts on South Asian history do--renders all 5,000 years of India accessible to undergraduates--not just the last few hundred or so. It is written with a vision and elegance that are the hallmark of Trautmann's scholarship. His mastery of the history and anthropology of India--both ancient and modern--is subtly distilled into this readable gem of a book. It is an invaluable contribution and a pleasure to teach."--A. Azfar Moin, University of Texas at Austin

About the Author Thomas R. Trautmann is Professor Emeritus of History at the University of Michigan. He is the editor of *The Aryan Debate* (OUP, 2008) and the author of *Elephants and Kings: An Environmental History* (2015), *Arthashastra: The Science of Wealth* (2012), *Languages and Nations* (2006), and *Aryans and British India* (2004).

What people say about this book

Craig A. Baron, "Accessible history. Outstanding overview of Indian history with discussions that are clear and concise. The material is presented in a very even-handed manner. Highly recommended."

sami casey, "Its what I asked for. This was the book i wanted for a class but its so boring. The Book was also folded like this when it arrived making me worried about what happens if I try to return it if this class doesnt go well"

Ebook Library Reader, "THE Must Have Book in it's Field. THE definitive concise introduction to the history of India - thoroughly researched, authoritative, comprehensive in scope, interesting, informative, well-reasoned and well-told."

Kayla Hoffman, "Five Stars. Bought for college class about india, interesting read"

KE, "Trautmann Review. So far, the book is pretty good, and I say that outside of the need to read this for a class. It's very informative, and flows wonderfully."

Nicholas Payne, "Five Stars. Great book, Trautmann is really good at explaining things without making his writing super dense and boring. Very interesting."

Silvana S, "Wonderful book!. A concise and comprehensive analysis of the history and formation of Indian civilization! Excellent book!"

The book by Thomas R. Trautmann has a rating of 5 out of 4.3. 49 people have provided feedback.
