## Sort review

"...all members of the legal profession and those thinking of joining should read this book very carefully because the subject-matter will not be going away for any of us." Phillip Taylor, MBE, The Barrister  
"As Susskind has pointed out for more than 20 years now, technology is having a profound effect on the world around us. Lawyers who fail to acknowledge this fact and adapt accordingly will undoubtedly pay the price. Don't be one of those lawyers. Educate yourself about the changes, their impact, and then do everything you can to adjust course. If you feel overwhelmed by the prospect and aren't sure how to go about it, never fear, I've got some advice for you: buy this book. It's a great place to start." Nicole Black, Law Technology Today
