

The Perfect Chicken Coop: A Step by Step Guide to Plan and Build the Perfect Chicken Coop

by

Bob Tarte

EBOOK DOWNLOAD

Synopsis

Stop Waiting and Start Building Your Coop Today! You can pay an arm and a leg for a pre-made coop, or build the perfect one for a fraction of the cost yourself. You choose! Many people choose to raise chickens and unfortunately turn to store-bought chicken coops. Sometimes this is a good choice, but usually they end up overpaying for something that isn't even a perfect fit for their flock. Why not determine the exact size and type of chicken coop that you need and then create one that is perfect for you and your chickens? This guide will teach you exactly how to determine the correct size, location, and style of chicken coop based on your needs. It makes the whole process of building the coops easy with step-by-step instructions as well as building plans. Stop waiting and start raising chickens today! This Guide Covers the Following: The Basic Foundations for Planning a Chicken Coop How to Choose the Best Location Creating a Coop on a Budget Everything About Nest Boxes, Ramps, and Runs 2 Detailed Building Plans With Photos Much, much more! Start building your very own coop today and buy this book!

Sort review

"This was a great book on chicken coops. Not only did it cover the basics of what you need in a coop and how to choose different things, but it also has two blueprints for building. I'll warn you that they don't encompass every single scenario in which you will need to create a coop in, but it's a good start! Overall a decent read" - Ludvig J. "Chickens chickens who doesn't love chickens? I was hoping to find a book that would tell me a little about how to take care of my chickens as well as the best housing situations for them and this was exactly what I was looking for! Covered both worlds" - Justin Jackson "This is a great resource of information for anyone who is just beginning to raise chickens or own their own coop!" - Roberto "I love owning and raising chickens. There's nothing better than waking up to my own fresh eggs. I bought this for the blueprint on building a chicken run and it worked out perfectly! The instructions were easy to follow. Luckily my husband already had all the tools necessary so we didn't have to purchase anything else." - Nora McLeod

What people say about this book

E Willey, "Not a building guide but good advice. No real insights to building a coop or requirements for chickens except the repeated and very important advice to make the coop predator proof. Thanks for saving folks new to chickens the heartbreak of learning that lesson themselves."

Ark, "Concise, factual and based on experience. This ebook is a concise and factual guide to not only building a coop and run but also gives pointers on owner motivation, chicken health and management hurdles. The writers real-life experience is especially helpful."

N. Adkins, "Four Stars. Very informative and interesting. The author knows about raising chickens and how to care or them."

kata, "Great primer for new chicken enthusiasts. This was a very straight forward and helpful book on the basics of raising chickens. The instructions were clear, easy to understand and full of healthy suggestions. I love the idea of building my own coop for my flock and the plans for that were also easy to follow."

Ebook Library Reader, "Four Stars. Concise and full of basic info."

kera charpentier, "Four Stars. gives good information to make sure you have adequate size coops"

The book by Bob Tarte has a rating of 5 out of 3.7. 38 people have provided feedback.
